

PER.W209RPPB2

These special single row deep groove ball bearings are designed mainly for agricultural applications, such as disc harrows. The spherical outside surface accommodates static misalignment when mounted in standard/commercial housings. The integral sealing and higher than standard grease fill can significantly prolong bearing service life and reduce maintenance efforts.

- Designed mainly for agricultural applications
- Round bore
- Easy to mount and can accommodate initial misalignment
- Versatile, robust design
- Integral sealing and higher than standard grease fill prolongs bearing service life

| Dimensions                |             |
|---------------------------|-------------|
| Bore diameter             | 45 mm       |
| Outside diameter          | 85 mm       |
| Width                     | 30.175 mm   |
| Performance               |             |
| Basic dynamic load rating | 32.7 kN     |
| Basic static load rating  | 20.9 kN     |
| Logistics                 |             |
| Product net weight        | 0.574 kg    |
| eClass code               | 23-05-16-90 |
| UNSPSC code               | 31171536    |
