

PER.GW214SPPB4

These special single row deep groove ball bearings are designed mainly for agricultural applications, such as disc harrows. The square bore enables ease of mounting on mating square shafts. The spherical outside surface accommodates static misalignment when mounted in standard/commercial and compatible housings. The integral sealing and higher than standard grease fill can significantly prolong bearing service life and reduce maintenance efforts.

- Designed mainly for agricultural applications
- Square bore
- Easy to mount and accommodate initial misalignment
- Versatile, robust design
- Integral sealing and higher than standard grease fill prolongs bearing service life

Dimensions	
Bore diameter	52.2 mm
Outside diameter	125 mm
Width	39.688 mm
Performance	
Basic dynamic load rating	62.2 kN
Basic static load rating	44.2 kN
Properties	
Bore type	Square
Logistics	
Product net weight	1.95 kg

eClass code	23-05-16-90
UNSPSC code	31171536

AGA BEARINGS
